

puckababy®

SWADDLING INDICATOR

“WHEN YOU START SWADDLING, AND...”

- your baby isn't born yet** -> go for the Puckababy® PIEP (0-3M)
- your baby is younger than 8 weeks** -> go for the Puckababy® PIEP (0-3M)
- your baby is older than 8 weeks** -> go for the Puckababy® MINI (3-6M)

“WHEN YOUR BABY IS CURRENTLY SLEEPING IN A DIFFERENT SWADDLEBAG, AND...”

Your baby is panicking, doesn't like the tightness

- and is younger than 9 weeks -> go for the Puckababy® PIEP (0-3M)
- and is older than 9 weeks -> go for the Puckababy® MINI (3-6M)

Your baby is restless, gets out of the swaddlebag itself (Dangerous!)

- and is younger than 9 weeks -> go for the Puckababy® PIEP (0-3M)
- and is older than 9 weeks -> go for the Puckababy® MINI (3-6M)

You want to provide your baby with extra security and get used to more loose sleeping

- and is younger than 9 weeks -> go for the Puckababy® PIEP (0-3M)
- and is older than 9 weeks -> go for the Puckababy® MINI (3-6M)

Your current swaddlebag doesn't have a successor or only a very tight one

- and is younger than 9 weeks -> go for the Puckababy® PIEP (0-3M)
- and is older than 9 weeks -> go for the Puckababy® MINI (3-6M)

We. Design. Sleep.
